

Desktop Power Supplies

Models	Standards (for world safeties contact the factory)	Output Voltage Range	Input Voltage (C6, C8, C14, for desktops, and U.S., and other A/C plugs for wall- mounts contact the factory)	Features
18W Series	UL60950, Energy Star Meets CEV Level VI	5V-24V	100-240Vac	High Quality OCP, OVP, SCP Protection
24W Series	UL60950, Energy Star Meets CEV Level VI	12V-24V	100-240Vac	High Quality OCP, OVP, SCP Protection
36W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
40W Series	UL60950, Energy Star Meets CEV Level VI	12V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
50W Series	UL60950, Energy Star Meets CEV Level VI	5V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
65W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
90W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
120W Series	UL60950, Energy Star Meets CEV Level VI	12V-48V	100-240Vac	High Quality OCP, OVP, SCP Protection
160W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
200W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
250W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection
300W Series	UL60950, Energy Star Meets CEV Level VI	12V-56V	100-240Vac	High Quality OCP, OVP, SCP Protection

Level VI Efficiency
 UL/cUL and CE Certified
 Universal 90-264Vac input
 Class I & II Inputs
 Choice of Output Connectors
 C14, C8 & C6 Inlet options
 Long-life 105C Electrolytic Caps
 2-Year warranty
 USB-C Output Connector
 Convection Cooling also on High-Power models
